Dear Sir / Madam

My name is KHOV THANGCHIV, I found your post that you are seeking for UI & UX Designer, and I am interested in applying for this position, I am very happy to find my favorite job. This is the best opportunity that I have been finding. Now it is my chance I found your announcement. I am hoping that you will be able to help and offer this to me to accomplish my future plans to perform in this position.

Now I am Working at IntechDev company and i have experience with this Design 3 year.

I also have some experience about Design like

- create Wireframe , prototyping ,design mobile and web application....
- for tools like figma , abode XD.....

Other tasks assigned by manager. As I working before I never get complain by my manager or boss because all my work that I handle, I do it perfectly and I take responsibility for it. Moreover I have been very active with my working, I strongly hoping that you interested in it.

I would love to get an interview and elaborate further on the way I can immediately contribute to your team. You can contact me via Email or Phone Number, In the last, I would like to thank for your kindness considerate my qualification and requirements in order to become a professional and well train staff for you to enhance the human resource and the prosperity in your company.

Sincerely,
KHOV THANGCHIV
